BURRA SHOW THANK YOUS & HELP NEEDED		94-95

Presidents Report

I would like to firstly welcome you to our 2024 Annual Burra show. This year is promising to be bigger than ever once again. I'm proud of the hard work all our committee members, volunteers and convenors have put in each year and improving our country show, for all to enjoy.

I would like to thank all of our generous sponsors, donors, Judges, convenors and community members for all of your support this year. Whether it was helping out for a day, donations or even just sharing our posts. You have all helped our show grow and made this day possible, so thank you.

This year will be the Burra Burra Show society's 100th year on our current grounds at hall terrace.

In 1994 the show society moved from the Aberdeen oval to Hall terrace, this was the shows third move making hall terrace their fourth showgrounds. The grounds were generously gifted to the show society by I.J Warnes and C. Bartholomaeus and this gave the show a great opportunity to improve with less limitations. Even though there was mixed feelings about the move, it was a lot of work but has proven to be a great decision, this is why the show has been able to grow and improve greatly over the years and still going till this day. The Burra Burra Show is one of the very few show societies that own their grounds, which we count ourselves lucky to have been given this opportunity. Without our community and their generosity there would be no us 100 years ago and today we are grateful.

We are excited to announce a new section into our arts pavilion this year called handicrafts. This section was created because in the last 12 months our community has grown and formed many different creative groups that have been gathering and creating some marvellous art pieces.

We as a show society would like to embrace this growth and open up classes where their creative pieces can be entered into our show and be displayed for all to see.

Handicrafts will have classes like basketry, pottery, macramé, candles and much more.... I look forward to seeing the success and growth of this section over the years.

We again will have our little Johnny Green trail, which has been a big hit now for many years with children and their parents. The Johnny Green Trail been

growing bigger each and every year since it was started in 2016 and this year looks to be no exception. This is one of our many free activities children can enjoy at our show.

I would like to announce that we are bringing back our sandpit for everyone to enjoy once more this year. We haven't had our sandpit for a few years now ever since the storm blew the shed that housed the original sandpit over, it will be great to see this attraction come back once again.

This year we are expecting over 50 market stalls, which is a great achievement for our show and I would like to encourage you all to come and have a look at our market stalls, because we would like to grow this section of our show and to do this we need our community to show support to have these stall holder to return each year.

The best part about having all these stalls at our show means that you could do most of your Christmas shopping right here and not have to stress about it in a month or two!

The Burra Show is once again going to be a twilight show with our gates opening at 10 am, fireworks and live entertainment into the evening and the show closing at 11:30pm.

From petting zoos and Pony rides to fashion parades and vintage cars, I can grantee this is going to be a great day out for all to enjoy. So come along tell your family and friends to join us on the 12th October for a true country show day out.

I look forward to seeing you all at this year's show and hope you all have a wonderful time and remember as a community we can achieve great things together.
